

Anti-Histone H3-like centromeric protein CENH3 antibody

Catalog: PHY6658S

Product Information

Description:	Rabbit polyclonal antibody
Background:	CENH3, a centromere-specific histone H3 variant, is the epigenetic marker defining the functional centromere location on each chromosome. It replaces canonical H3 within centromeric nucleosomes. CENH3 provides the essential foundation for assembling the kinetochore, the large protein complex that forms during cell division. The kinetochore attached to CENH3 nucleosomes serves as the direct attachment site for spindle microtubules, enabling accurate chromosome segregation to daughter cells.
Synonyms:	CENH3, XP_023761199, CAH1429268, CAI9271841, QEL13116, Lsat_1_v5_gn_2_63440
Immunogen:	KLH-conjugated synthetic peptide (15 aa from N terminal section) derived from <i>Lactuca Sativa</i> CENH3 (A0A2J6LJH4).
Form:	Lyophilized
Quantity:	150 µg
Purification:	Serum Peptide affinity form antibody available upon request at info@phytoab.com .
Reconstitution:	Reconstitution with 150 µl of sterile water. "Note: please spin tube briefly prior to opening it to avoid any losses that might occur from lyophilized material adhering to the cap or sides of the tube".
Stability & Storage:	Use a manual defrost freezer and avoid repeated freeze-thaw cycles. 12 months from date of receipt, -20 to -70°C as supplied. 6 months, -20 to -70°C under sterile conditions after reconstitution. 1 month, 2 to 8°C under sterile conditions after reconstitution.
Shipping:	The product is shipped at 4°C. Upon receipt, store it immediately at the temperature recommended above.

Application Information

Research Use Only

Recommended Dilution:

Western Blot (1:1000-1:2000)

Note: Optimal dilutions/concentrations should be determined by the end user.

Expected / apparent MW:

17 kDa

Predicted Reactivity:

The sequence of the synthetic peptide used for immunization is 100% homologues with the sequence in *Lactuca virosa* (CAH1429268), *Lactuca saligna* (CAI9271841), and 93% in *Cichorium intybus* L., *Rutidosia leptorrhynchoidea*, *Helianthus anomalus*, *Cicerbita alpina*. For more species homologues information, please contact tech support at tech@phytoab.com.
