

## Anti-Ribonuclease 1 antibody

Catalog: PHY1511S

## **Product Information**

| Description:           | Rabbit polyclonal antibody   |  |
|------------------------|--|--|
| Background:            | RNS1 is a member of the ribonuclease T2 family that responds to inorganic                    |  |
|                        | phosphate starvation, and inhibits production of anthocyanin. It also involved in            |  |
|                        | wound-induced signaling independent of jasmonic acid.  |  |
| Synonyms:              | ATRNS1, RIBONUCLEASE 1, RNS1   |  |
| Immunogen:             | KLH-conjugated synthetic peptide of RIBONUCLEASE 1 derived from                              |  |
|                        | Arabidopsis thaliana AT2G02990.  |  |
| Form:                  | Lyophilized  |  |
| Quantity:              | 150 µg   |  |
| Purification:          | Serum  |  |
|                        | Peptide affinity form antibody available upon request at <u>info@phytoab.com</u> .           |  |
| <b>Reconstitution:</b> | Reconstitution with 150 µl of sterile water.   |  |
|                        | "Note: please spin tube briefly prior to opening it to avoid any losses that might           |  |
|                        | occur from lyophilized material adhering to the cap or sides of the tube".                   |  |
| Stability &            | Use a manual defrost freezer and avoid repeated freeze-thaw cycles.                          |  |
| Storage:               | 12 months from date of receipt, -20 to -70 $^\circ\!\!\mathbb{C}$ as supplied.               |  |
|                        | 6 months, -20 to -70 $^\circ\!\!\!\!\!^\circ$ under sterile conditions after reconstitution. |  |
|                        | 1 month, 2 to 8 $^{\circ}$ C under sterile conditions after reconstitution.                  |  |
| Shipping:              | The product is shipped at 4 $^\circ\!\mathrm{C}$ . Upon receipt, store it immediately at the |  |
|                        | temperature recommended above.   |  |

## **Application Information**

| <b>Recommended Dilution:</b> | Western Blot (1:1000-1:2000)                                       |
|------------------------------|--|
|                              | Note: Optimal dilutions/concentrations should be determined by the |
|                              | end user.  |
| Expected/apparent MW:        | 25 kDa   |
| Confirmed Reactivity:        | Coming soon  |
| Predicted Reactivity:        | Among 25 analyzed species, the sequence of the synthetic peptide   |
|                              | used for immunization is 80-99% homologues with the sequence in    |

Brassica napus.

For more species homologues information, please contact tech support at <u>tech@phytoab.com</u>.
