

## Anti-RNA polymerase subunit alpha antibody

Catalog: PHY0379A

## **Product Information**

**Description:** Rabbit polyclonal antibody

**Background:** In chloroplasts, transcription of plastid genes is mediated by two types of RNA

polymerase: plastid-encoded RNA polymerase (PEP) and nuclear encoded RNA polymerase (NEP). PEP is composed of four coresubunits ( $\alpha$ ,  $\beta$ , $\beta$ ', $\beta$ ") and a promoter recognition subunit (ofactor). RpoA (ATCG00740) is the  $\alpha$ 

subunit of PEP.

Synonyms: RpoA, RNA POLYMERASE SUBUNIT ALPHA

**Immunogen:** KLH-conjugated synthetic peptide (15 aa from Central section) derived from

Arabidopsis thaliana RpoA (ATCG00740).

Form: Lyophilized

**Quantity**: 150 μg

Purification: Immunogen affinity purified

**Reconstitution:** Reconstitution with 150 µl of 0.01 M sterile PBS.

"Note: please spin tube briefly prior to opening it to avoid any losses that might

occur from lyophilized material adhering to the cap or sides of the tube".

**Stability &**Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

**Storage:** 12 months from date of receipt, -20 to -70°C as supplied.

6 months, -20 to -70°C under sterile conditions after reconstitution.

1 month, 2 to 8°C under sterile conditions after reconstitution.

**Shipping:** The product is shipped at 4°C. Upon receipt, store it immediately at the

temperature recommended above.

## **Application Information**

**Recommended Dilution:** Western Blot (1:1000-1:2000)

Note: Optimal dilutions/concentrations should be determined by the

end user.

**Expected / apparent MW:** 38 kDa

Confirmed Reactivity: Coming soon

Predicted Reactivity: Among species analyzed, the sequence of the synthetic peptide used

for immunization is 100% homologues with the sequence in Brassica

rapa, Solanum tuberosum, Nicotiana tabacum, Solanum lycopersicum, Spinacia oleracea, Brassica napus, and 80-99% homologues with the sequence in Populus trichocarpa, Vitis vinifera, Brassica napus, Medicago truncatula, Cucumis sativus, Glycine max, Gossypium raimondii.
